

Service Fees

A trusted resource for seniors and their families for more than 100 years.

Masons Care

Our goal is to ensure that our clients are healthy, happy and safe, and that their families and loved-ones have peace of mind. Our care coordinators are skilled and experienced, and we strive to keep our fees reasonable and competitive. For those who cannot afford our services, we have options available for financial assistance.

How it Works

- We provide a no-cost initial consultation to discuss goals and needs with the client and their family or loved-ones.
- If agreeable, we will then conduct an extensive assessment and follow up by creating an individualized care plan.
- Based on this plan, if the client and family wish to continue with our assistance, we will coordinate services and activities in the plan.
- Because the plan is designed to meet care goals and needs, it may include bringing additional providers into the picture. In addition to our fees for services other costs for agreed upon service providers may also apply.
