PRESIDENT & EXECUTIVE DIRECTOR REPORT

RON HORN
President

MEGAN FERLAND
Executive Director

On behalf of Washington Masonic Services, we appreciate your support as we strive to bring our programs to more Masons, your families, Lodges, and neighbors.

Hello! As the designated charity of the Grand Lodge of Washington, we're fortunate to work with an array of talented and committed Masons, other volunteers, and community partners in fulfillment of our mission.

Guided by our mission, our programs seek to reveal the historic influence of Masonry, giving Washingtonians the same measure of strength and purpose that sustained countless citizens throughout our state's past.

OUR GUIDING PRINCIPLES

MISSION

Washington Masonic Services strengthens communities by;

- helping seniors age with dignity and providing support for neighbors facing crises;
- investing in students to boost their potential to succeed; and
- honoring the rich legacy of Masonry in Washington.

VISION

Our programs illuminate the timeless impact of Masonry by giving a measure of hope and inspiration to Washingtonians that they would otherwise be without.

VALUES

Guided by Masonic values, Washington Masonic Services is committed to equality and civility. As a nonpartisan, nonprofit organization, we serve Masons, their families, and communities throughout Washington.

KEY POINTS

Financial Operation

Our team is committed to the fiduciary responsibility we hold to be effective stewards of Washington Masonic Services' assets, with a comprehensive oversight structure in place to ensure we meet that goal.

Finance Committee & Board Oversight

Our Bylaws establish the Finance Committee, which is comprised of our Treasurer, Secretary, and one other Board member appointed by the President, as well as the Junior Grand Warden, and Senior Grand Warden. Our President and Executive Director, plus the Grand Secretary, are ex-officio members.

Following Board-approved policies, the Committee oversees management of our assets including investments and ensures the proper application of financial standards and that financial information is accurate and complete.

Each month, the Committee meets to review:

- Performance to Budget, with explanation of any variance
- Financial, banking, and investment reports
- Any old or new business
- Every year, the Committee provides recommendations to the Board regarding the Budget Proposal, Audit and 990.
- There are various non-profit industry best practice recommendations regarding the ratio of Program to Administration expenses as a percentage of total budget, with 75% to 25% as a widely accepted norm. The FY26-27 Budget Proposal has a Program to Administration expense ratio of 79% to 21%, which is well in keeping with that standard and in line with recent years' ratios.

Operating Structure

We use the accrual method of accounting, focusing on our financial commitments—both what's owed to us and what we owe to other entities.

The same as with other corporations, Generally Accepted Accounting Principles, or GAAP, apply to us as a nonprofit corporation. Our staff team works to ensure appropriate internal controls, reporting, and documentation.

- An external CPA is available to review our monthly financial reports.
- We collaborate with an audit firm plus the CPA to prepare the annual audit—and we have always received a clean audit.

Programs

Our mission was founded back in 1927, when the first Masonic Retirement Home opened its doors to be a “haven to seniors and those in need.”

Today, Washington Masonic Services continues to fulfill that purpose through our Outreach Services and Education Investment programs, as well as showcasing the deep impact of the Masonic legacy to Washington State through our Masonic Heritage work.

Outreach Services Case Managers provide short-term charitable assistance to clients, regardless of their affiliation with the Masonic Fraternity.

- In 2025-26, Outreach Services served 279 people statewide. Of those, 162 were new to our program.
- Our 3 Case Managers work statewide providing services ranging from care planning, connection to local agencies to ensure seniors needs are met, help streamlining finances, and so much more.
- Case Managers also partner with Lodges to provide Widows Support, such as explaining the 5 stages of grief, providing a financial checklist, and offering calls and visits for help and companionship. We served 43 Masonic widows this year.

Education Investment connects students to pathways for their future, primarily through scholarships.

- The Washington Masonic Servies Scholarship program has multiple scholarships including for Masonic dependents and family members, participants in Masonic youth groups, students in vocational and technical programs, and renewal awards for 2nd year students.
- This year we provided 58 scholarships totaling \$120,225, plus two Educator of the Year Awards.
- Thanks to the Scottish Rite Scholarship Foundation, several Lodges, and other generous benefactors, our Education Investment program continues to grow.

Masonic Heritage in Washington reaches from the pioneer days to the present, as Masonic principles have been serving our state and its people through the leadership of Masons.

- The centerpiece of this part of our mission, the Washington Masonic Library & Museum, is an unrivaled resource available to those seeking to expand their knowledge of Washington history and Freemasonry.

Because preserving and sharing that history is so important, we're in the midst of a transformative redesign of the facility, ensuring our Fraternity's story is preserved and shared for generations.

- The redesign is on track to finish early in 2027 and includes updated historical exhibits, interactive learning spaces, and archival preservation of the more than 6,000 artifacts, 50,000 books, and rare documents that comprise our collections.
- As another facet of our Masonic Heritage mission, this year we were happy to work with the Grand Master's Charity to again support Lodge Leadership Retreat Scholarships. Through LLR Scholarships, 11 representatives were able to attend this important learning experience that is invaluable to maintaining the Lodge's strength.

PARTNERSHIP OPPORTUNITIES

With **Outreach Services**, **Education Investment**, and **Masonic Heritage** as our core programs, there are also other keyways for your Lodge to partner with us to benefit both your members and Washington Masonic Services as your charity.

- Other **Information Resources** available to you include our Library & Museum Curator presenting on a facet of Washington Masonic history or advising your Lodge on artifact preservation. Or the Business Development Director meeting with your Lodge to talk about your legacy, estate planning and our “Planning Your Future” guide.
- **Lodge Match** seeks to double the impact you’re making with the funds your Lodge invests in either Pre-K through 12th grade education programs, or in programs meeting a critical need such as food or shelter. In its third year now, Lodge Match grew to a total statewide matched impact of \$127,992 through 75 proposals from 43 Lodges.
- Both personally and as a Lodge, your **Philanthropic Gifts** are another crucial way to partner with us in support of our programs. Our work is partly funded through proceeds generated from historic trusts and endowments. To ensure these assets exist for generations to come, like every non-profit, we also rely on the generosity of supporters. From our Giving Societies to the Founder’s Guild and Naming Gifts for the Library & Museum redesign, whatever path you choose will help grow our work and safeguard these charitable efforts for future generations.

- Finally, **Lodge Liaisons** are a vital way we partner with Lodges. Lodge Liaisons are Brothers serving as their Lodge’s ambassadors for us, being the local point of contact for anyone—Masons, widows, community members—who could benefit from any of our programs, and especially those needing to connect with a Case Manager.

To date, 73 Lodges, or 51% of the Jurisdiction, have a trained Lodge Liaison participating.

We’re grateful for our partners in the Grand Lodge, Blue Lodges, Appendant and Concordant Bodies, community groups, our Board of Trustees, and staff. We’re looking forward to sharing our progress with you in the year ahead.

To find out more about any of these partnership opportunities, please visit our website at www.masonscare.org or call (253) 442-2505.

FINANCIAL REPORT

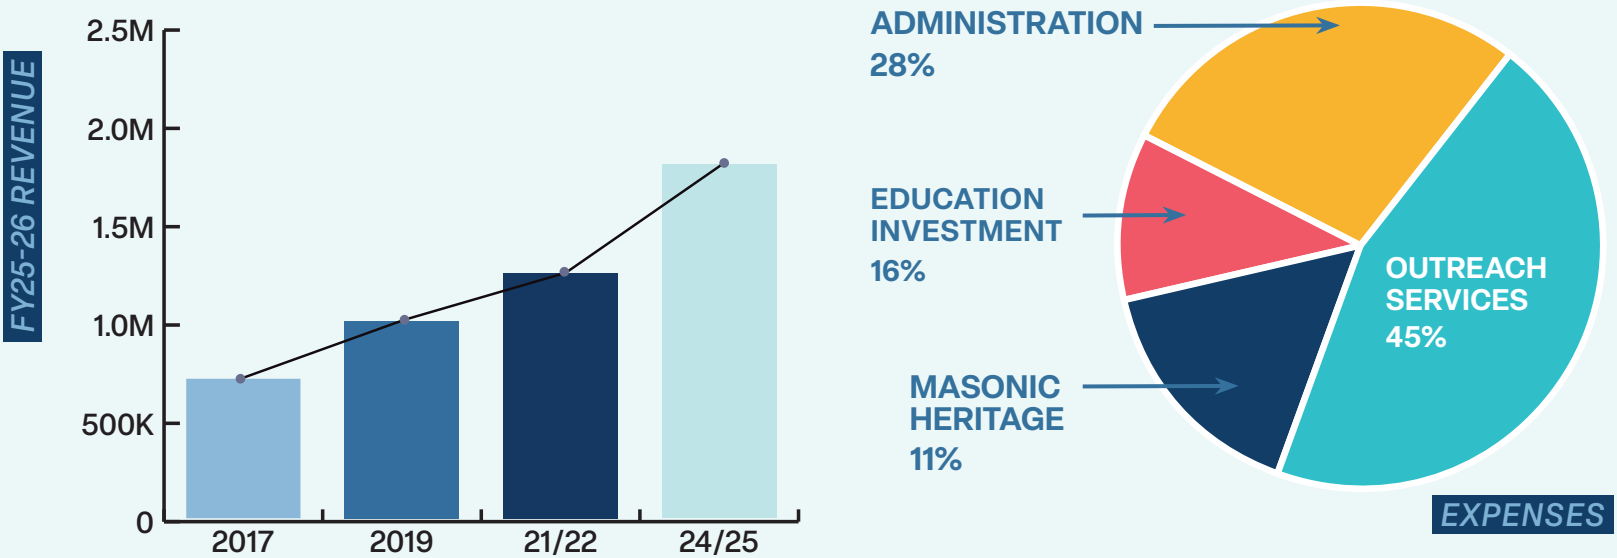

Audited Financials, Revenue, Expenses, Endowments

The WAMS’ Board of Trustees, Finance Committee, and staff are careful stewards of our funds.

The most recent audited financial information shows FY2024-2025 revenue of \$1,843,871 exceeded expenses of \$1,543,480 for a net of \$300,391. Outreach Services continuously accounts for the largest percentage of the operating budget.

Since 2017, the endowment has grown from \$729,000 to \$2,066,410. The corporation maintains a reserve fund in the event of unforeseen circumstances.

Our organization is the beneficiary of three Grand Lodge endowment funds and four outside trusts; we also receive generous financial support from hundreds of donors. Unaudited year-end statements for FY2025-2026 reflect a positive year end with a balanced budget.

OUTREACH SERVICES

Our Outreach Services team strives to provide families with peace of mind as they or their loved ones grow older.

Case Managers support clients in leading meaningful and dignified lives by assisting in areas such as home safety, finding care resources, streamlining finances, and connecting individuals with volunteer and agency options that can assist with skilled care and independent living.

We also help people experiencing distress with case management and short-term charitable assistance, to the extent our resources allow.

	CLIENTS SERVED	NEW CLIENTS	AVERAGE PER WEEK SERVED
MASONIC (53%)	149	72	2.75
NON-MASONIC (47%)	130	90	2.5
TOTAL	279	162	5.25

- In 2025-2026, Outreach Services assisted 273 clients throughout Washington’s 71,000 square miles of jurisdiction.
- Of those served, 162 were new to our program.

“

I just can’t say THANK YOU enough!!! Washington Masonic Services are so kind and giving!! Next time we see each other, when you see my SMILE remember you helped put that SMILE on my face!! In more ways than one!! THANK YOU from my whole heart!!

- A GRATEFUL TESTIMONIAL.

EDUCATION INVESTMENT

In 2025-2026, the WAMS Scholarship Program awarded 58 scholarships totaling \$120,225.

Our awards are categorized as Legacy, Masonic Youth Group, Scottish Rite Masonic Legacy, Vocational/Technical, Renewal, Educator of the Year, Goldendale Harol Hill Masonic, and Grand Master's Scholarships.

This year, we also awarded two Michelle Adamson-Heeb Educator of the Year Awards, recognizing the vital contributions of outstanding teachers in our communities.

We wish to thank our long time partner, the Scottish Rite Scholarship Foundation of Washington, for continuing to support our work by funding eight Masonic Legacy Scholarships for incoming freshmen as well as 22 Renewal Scholarships, which go to sophomore college students.

The vision and generosity of so many Masons has helped ensure that students at every stage—whether recent high school graduates or adults seeking a new direction—can turn to us to help provide the financial support they need to achieve their educational goals.

Examples of items available in the Education collection include: gavel, swords and scabbards, Lodge decorations, District Deputy aprons, apron cases, fez boxes, Masonic lightbulbs, and more.

MASONIC HERITAGE

The Curator of the Washington Masonic Library & Museum continues to gather, organize, and preserve Masonic history from around the state of Washington.

This effort would not be possible without the talents of our knowledgeable and committed volunteers. Since our space is in the midst of transforming our exhibits to be interactive and relevant to both Masonic and broader community audiences, it's currently not open to the public. However, much of our library and portions of our museum collection are searchable online at www.masonscafe.org/library-museum/.

In addition to an extensive catalog of Masonic texts and literature, we have a wealth of museum items—historic artifacts, photographs, and media—that the team is researching.

Items of historic significance are categorized for the Museum Permanent Collection and preserved according to archival best practices so their stories can be told for generations to come.

The Education Collection holds items that can be repurposed by our Masonic community, and is intended as a free resource for Masons and Lodges across the state.

PHILANTHROPY

The support that we receive helps bring opportunities available through our Outreach Services, Education Investment, and Masonic Heritage programs to more people in more communities across Washington.

We're excited to continue growing the WAMS Giving Societies for Masons, Lodges, and other benefactors whose generosity is essential to the growth of our efforts.

The **Giving Hope Society** is for individual donors, and the **Building Hope Society** is for Lodges and organizations. The **Seeding Hope Society** is an extra designation for individuals who support us with a legacy or planned gift.

A donor's level within each society is based on the cumulative total of their financial contribution. The benefits available to supporters at each level vary; examples include commemorative WAMS display items, custom WAMS Masonic jewelry, and curated tours of the Masonic Library & Museum.

Donors can make recurring gifts or a one-time donation to start their journey in our Giving Societies.
